

WHO ARE WE

JCVA is a unique organization. We are dedicated to the promotion and development of established as well as emerging artists. Our members represent a wide variety of ages, specialties & experience. We currently sponsor four juried exhibitions a year, at various venues on the First Coast. Each show has an opening reception with a presentation of cash awards & ribbons. We welcome both two and three dimensional media which can be hung or displayed on a podium.

Gallery L @ The Modis Building, FCCJ Wilson Center for the Arts, The Stellar Gallery, House of Stereo, Ponte Vedra Cultural Center, The Beaches Museum & Historic Center, and The Karpeles Manuscript Museum are a some of our recent exhibition sites.

Our shows are intended to provide a welcoming environment where artists can exhibit their work, gain awareness of what other members are doing, sell their work and benefit from networking in the art community. Many of our members have received local as well as national recognition. This is a great way to meet some extremely talented people.

We are a non-profit 501(c)(3) organization, committed to gender equality & cultural diversity.

We have a small annual membership fee and even smaller jurying fees for each show. Join us! All artists & art lovers are welcome.

OUR MISSION

JCVA is to be a driving force promoting visual arts in Northeast Florida by...

- Providing information, support & opportunities to established & emerging artists of all specialties.
- Arranging high quality exhibitions, workshops and developing community programs.
- Providing programs for the under-served arts community, especially children.

We are currently involved with Wolfson Children’s Hospital and Florida Community College.
